Application form H:

Heating Work

Heating work can be assessed and certificated to meet the requirements of the following Government* schemes.

Please indicate below which schemes you wish to join then complete the scope of assessment table to give more detail about the nature of your work.

Comp	any Name:	
Availab	ole Schemes	Tick
CPS	Competent Person Schemes (CPS) allowing self-certification against the Building Regulations in England and Wales	
EEM	Energy Efficiency Measures (EEM) via PAS2030 certification for installing energy efficiency measures including funding initiatives such as Energy Company Obligation (ECO). To carry out work under ECO, you will also need to be TrustMark registered.	
GDI	Green Deal Installer (GDI), in addition to EEM certification an assessment against the Green Deal Code of Practice allows listing as a green deal participant for carrying out installation work funded with Green Deal finance.	
тм	TrustMark is a scheme to help consumers identify a reputable tradesperson. NAPIT scheme members doing domestic work are eligible to be listed where relevant as "Heating Engineer" on the TrustMark site	

ASSESSMENT

For heating work, assessments will be arranged based on the scopes applied for below. Assessment includes competence and installation work against the Minimum Technical Competence document. Where the scope includes EEM work assessments will be assessed against the standard PAS2030.

Column A is used to identify how many site assessments are needed and column B to determine the detailed scope of certification. It is assumed that all the items in column B will be available to assess competence on the visit (generally the most complex system will be seen). If the visit requires more than one site only those within a 30 minute journey will be valid without further charges.

Scope of Assessment Tick (A)		Schemes	Scope of Certification within the Assessment	Tick (B)
		EEM, GDI, TM	Gas fired condensing boilers	
Domestic gas heating		EEM, GDI, TM	Gas fired warm-air heating appliances	
		EEM, GDI, TM	Flue gas heat recovery devices	
		CPS, EEM, GDI, TM	Oil fired boilers	
Domestic oil heating		CPS, TM	Oil fired room heaters, stoves and cookers	
		CPS, TM	Oil storage tanks and/or pipework	
Non-domestic oil heating		CPS	Oil fired boilers	
		CPS, TM	Solid fuel wet boilers, room heaters, stoves and cookers	
Domestic solid fuel heating		CPS, TM	Solid fuel stove with warm air distribution systems	
(excluding biomass)		CPS, TM	Solid fuel dry room heaters, stoves and cookers	
		CPS, TM	Solid fuel dry open fires	
Non-domestic solid fuel heating		CPS	Solid fuel boilers	
(excluding biomass)		CPS	Solid fuel warm air systems	
		CPS, EEM, GDI, TM	Heating / hot water system controls and components	
		EEM, GDI	System insulation (pipework, cylinders, ducting)	
		CPS, EEM, GDI, TM	Hot water storage and systems	
Heating system elements that can be		CPS, TM	Unvented hot water storage vessels	
within one or more of the above as scopes (e.g. either included in gas,		CPS, TM	Vented hot water storage vessels	
work)	,	CPS, EEM, GDI, TM	Wet underfloor heating systems	
		CPS, EEM, GDI, TM	Waste water heat recovery devices	
		CPS	Non-masonry chimney/flue systems	
		CPS	Flue liners	
Electrical installation work that can within one or more of the above	be covered	CPS	Defined scope electrical installation work	

Number of	Competent	Operatives
-----------	-----------	-------------------

Enter the total number of competent operatives for the above scope of work and complete the following page for each of them.

Operative details

(Refer to the document "NAPIT Registration Guide to Qualifications Requirements - Heating")

If you have several operatives please photocopy this form for each individual. If you have over 10 please contact NAPIT on 0345 543 0330 If applying without qualifications/certificates but with over 3 years experience you will need to undergo an Experienced Worker Route (EWR) Assessment (not applicable for gas).
